

REPUBLICANS OVERSEAS ISRAEL

Dear Voters:

The coming November election presents us with a stark choice between traditional American values and a radical, progressive agenda which in the words of the Democratic nominee is intended to fundamentally transform the United States. For Israel, the choice is even more critical. President Trump and his Administration have achieved a remarkable list of successes to benefit Israel, the Middle East, America and the world.

Among them are:

- (1) the recognition of Jerusalem as Israel's capital
- (2) the relocation of the U.S. Embassy from Tel Aviv to Jerusalem
- (3) the closure of the Jerusalem Consulate General which has served as the de facto U.S. diplomatic mission to the PLO since 1967
- (4) the termination of U.S. funding to the Palestinian Authority due to the latter's pay-for-slay policy and the defunding of UN agencies like UNRWA and the UN Human Rights Council which supported terrorist organizations against Israel
- (5) the recognition of Israeli sovereignty over the Golan Heights
- (6) the recognition of the Jewish People's right to settle in Judea and Samaria
- (7) the termination of U.S. participating in the disastrous Iranian nuclear deal (JCPOA)
- (8) the elimination of ISIS's territorial base and the neutralization of its leader, Al-Baghdadi
- (9) the neutralization of the Iranian terrorist, Qasem Soleimani
- (10) brokering the normalization of relations between Israel and the United Arab Emirates and possibly other Arab states to create a truly new Middle East.

We owe President Trump, Vice President Pence, Secretary of State Pompeo, the Trump Administration and the Republican Party a debt of gratitude. We cannot, we must not, sit on our hands in light of all that has been done and all that is at stake. Each of us, American citizens residing in Israel, has a precious privilege to vote in the coming elections to say

thanks to President Trump and the GOP and to say "no" to the others who would undo most if not all that the Trump Administration has done and is doing.

Please visit our website at www.israel4Trump.org to share with us your details so that we can inform you about the late-breaking developments in the overseas voting process, such as our current efforts to change the New York election law requirement that applications for registration and absentee ballots be sent my "snail mail" and not by email or fax. See our letter to the NY State Board of Elections attached. After you share your details with us, please visit www.fvap.gov to complete the registration process and request your ballots.
